

Fall 3D Archery Matches Begin October 12, 2008

With the spring 3D shoots over on May 11 -- and tallying well over 70 bowmen for some matches -- the NSC archery group continues to compete informally on Tuesday evenings on the upper field and trails or in the meeting hall. Copies of the 2008 3D-archery booklet are in the Lounge. The fall NSC home-range shoots are on the Sundays of October 12 and November 23. Remember that the Outdoor Range will be closed from 7 a.m., when the matches start, until about 2 p.m., when all scores are in. Contact Mead Close (203.988.2782) or Rick Salza (860.608.2897).
