

**MONDAY, DECEMBER 15, 2008,
STARTING AT 6:30 P.M. ON THE
NSC INDOOR RANGE...**

IRON SIGHTS MATCH

NSC's Pistol Team invites all club pistol or revolver shooters to an "iron sights match" — no optical scopes or red-dots allowed — on the standard NRA National Match Indoor Gallery Course.

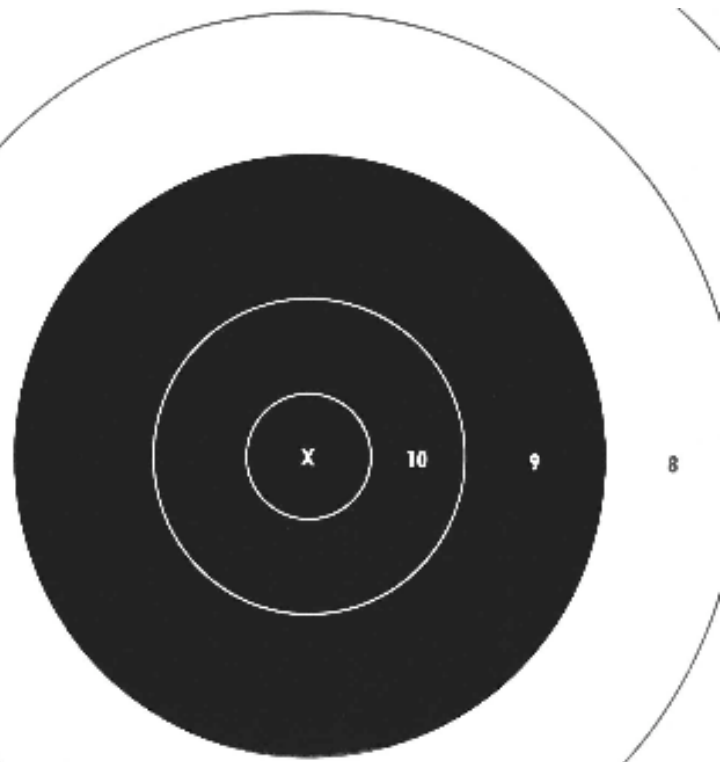

That's 30 shots total in slow-, timed-, and rapid-fire sequences, as fired in the New London County Pistol League with .22 rimfire target pistols. Increasingly, match shooters use optical or red-dot sights; here's a chance to show that you can do it with the sights that the great ones used, in the olden days.

But yes, we'll allow centerfire pistols or revolvers as well, in separate classes...to keep it interesting.

There will be a small entry fee or gift, to be divided as prizes. The Lounge will be open for after-match scoring and relaxation.

Questions? Phone/email 434-2534 or nscnewsletter@snet.net.

...Free target at the right, for practice!

**ANY CALIBER, OPEN (IRON) SIGHTS ONLY,
INDOOR GALLERY NMC AT 50 FEET.
