Blackpowder Muzzleloader

NSC Spring Trail Walk

March 21, 2010

A perfect early spring day saw 15 muzzleloader shooters enter the twisting trails of NSC for the third Trail Walk of the 2009-2010 season.

As usual, targets were interesting and challenging and at different ranges and angles—all designed to test woodland skills in the environment of 150-plus years ago on these same lands. Top scorer was Jay Cole with 21 points, measured in scorekeeping beans awarded according to target difficulty. Second was Stan Bowdish with 20, and third was Tyler with 17.

Other shooters were Terry Womack and Craig Grimord with 16, Tom Snow, Art Womack, and Jay Clark with 15, John Charland, John Stratton, Don Klubek, and Al Cawthra with 13, Mike Rogers with 11, Zook with 12, and John Macelli with 5.

A cookout lunch followed. As one participant wryly noted, “Some easy ones I missed, some hard ones I hit. But that’s the way. Next time!”
